

# Kerbside Recycling

## It's one more way u can make a difference.

Recycling collections occur on the same day as garbage collections, fortnightly for household bins. Unit developments with shared bins will be collected on a weekly basis.

### REMEMBER

- Ensure containers are clean and empty
- Loose items only - do not bag
- NO plastic bags or bin liners
- Remove lids

If your bin is blown or knocked over, please pick up the contents and place back in your bin, to prevent it entering the stormwater system and causing litter in the street.

### KERBSIDE RECYCLING TIPS

- Accidentally or carelessly mixing household waste into a recycling bin can make your recycling efforts a waste of time.
- Non-recyclables put into your recycling bin can contaminate an entire truck load of what could have been recycled but instead ends up in landfill.
- When it comes to recycling, if in doubt - leave it out! Better still find out yourself and visit [www.gcc.tas.gov.au](http://www.gcc.tas.gov.au) or call Council's customer service team 6216 6800.
- By recycling, you help to look after the environment.
- Recycling reduces the amount of minerals dug up and trees cut down.
- Recycling saves energy and reduces water use and cuts the amount of pollution and greenhouse gases we create.
- Purchase goods made from recycled material.

## ✗ NO YOU CAN'T

Nappies	Whitegoods	Green waste
Polystyrene	China ware	Furniture
Batteries	Electrical goods	Car parts
Plastic bags	Clothes	Shoes
Wood	Old tools	Glass panes
String/rope	Paint/cleaners	Oil
Plastic film wrap	Coat hangers	Computers
Ceramics	Building materials	

## ✓ YES YOU CAN

**GLASS**  
Bottle and jars  
(lids removed)

**PAPER**  
Newspaper, office  
paper, junk mail  
(not shredded)

**CARDBOARD**  
Milk cartons, boxes

**PLASTIC**  
Juice, soft drink  
containers

**METAL**  
aluminium  
& steel cans

waste management

# It all comes back to U.
